

CAT4 X Practice and Familiarisation

These practice and familiarisation questions provide insight in to the kinds of questions students will encounter in CAT4 X. They have been provided to help you prepare your young students to sit the CAT4 X test.

CAT4 X is comprised of four tests batteries, Figures, Words, Numbers and Shapes, each with two parts. Students will sit through two practice questions for each battery before the digital test begins.

Below is sample of the questions students will encounter during the digital test. Please note, the questions included below are a sample from the digital test and are for demonstration purposes only and are not included in the actual test.
